

"A CIA Front Organization": Revisiting EcoHealth COVID-19 Claims After Fauci 'Influence' Campaign Bombshell

BY TYLER DURDEN

WEDNESDAY, SEP 27, 2023 - 11:05 AM

Following Tuesday night's bombshell report from Congressional investigators that Dr. Anthony Fauci was [smuggled into CIA headquarters](#) "without a record of entry" where he "participated in the analysis to "influence" the Agency's Covid-19 investigation," **it's worth revisiting claims made by former EcoHealth Alliance scientist, [Andrew Huff](#), about the CIA's alleged connections to EcoHealth and Covid-19.**

A Brief Review

Recall that EcoHealth received [lucrative contracts](#) to perform experiments on bat Covid in Wuhan, China after the Obama administration [banned](#) gain-of-function research in 2014. Four months prior to the ban, the NIH effectively shifted this research to [EcoHealth](#), headed by Peter Daszak. The research [was shielded](#) from government oversight by Fauci's NIAID, and Daszak was forced to report after the fact that he'd engaged in gain-of-function experiments.

Peter Daszak, Anthony Fauci pose for a picture.

"As a virologist, **I personally think creating chimeras of SARS-related bat coronaviruses that are thought to pose high risk to humans entails unacceptable risks,**" virologist Jesse Bloom told [The Intercept](#).

After Sars-CoV-2 broke out in the same town where Daszak was manipulating Bat Covid, *The Lancet* published a [screed](#) by Daszak (signed by over two-dozen scientists), which insisted the virus could have *only* come from a natural spillover event, likely from a wet market, and that the scientists **"stand together to strongly condemn conspiracy theories** suggesting that COVID-19 does not have a natural origin." *The Lancet* only later [noted](#) Daszak's conflicts of interest.

Back To Huff And The CIA

According to a January, 2022 Twitter (now "X") [thread](#) by Huff, who worked at EcoHealth from 2014 to 2016, **"I knew in December of 2019 that COVID was likely a lab leak."** Huff then claimed that **"Not only is EcoHealth Alliance a CIA front organization, but the United States of America is primarily responsible for COVID, not China."**

Huff also told *Fox Business* in January: "**This was actually a failed intelligence operation.** We were actually trading China advanced biotechnology for access to and collect intelligence on their bioweapons laboratory. I believe. I can't prove that but a number of agencies that I discuss in the book, **including Dr. Peter Daszak telling me he worked with the CIA.**"

From Huff's book, "[The Truth About Wuhan](#)":

"These discussions resulted in publications indicating that Dr. Peter Daszak, president of EcoHealth Alliance, was working with the CIA, and that the biological agent commonly known as COVID-19 (SARS-CoV-2) had been in development at EcoHealth Alliance since 2012, and other evidence suggested that SARS-CoV-2 began earlier than 2012. The development of SARS-CoV-2 included several prominent US-based scientists and US academic institutions that received funding from numerous federal government agencies and private non-governmental organizations to complete the gain of function work on SARS-CoV-2."

Huff also posted a document obtained by *Project Veritas* and published in January of 2022 purportedly authored (and not denied) by Maj. Joseph Murphy (USMC), which states "SARS-CoV-2 is an American-created recombinant bat vaccine" which was "created by an EcoHealth Alliance program at the Wuhan Institute of Virology (WIV)."

Project Veritas has obtained a separate report to the Inspector General of the Department of Defense written by U.S. Marine Corp Major, Joseph Murphy, a former DARPA Fellow.

The report states that EcoHealth Alliance approached DARPA in March 2018, seeking funding to conduct gain of function research of bat borne coronaviruses. The proposal, named Project Defuse, was rejected by DARPA over safety concerns and the notion that it violates the basis gain of function research moratorium.

According to the documents, NAIAD, under the direction of Dr. Fauci, went ahead with the research in Wuhan, China and at several sites across the U.S. -Project Veritas

Huff also provided a report to Congress, under oath, which claims:

1. SARS-COV2 was created in the lab in Wuhan, China;
2. Anthony Fauci funded the creation of SARS-COV2 and lied to Congress about funding Gain-of-Function work;
3. The US Intelligence Community was aware of and appeared to have been involved with the funding of said Gain-of-Function work;
4. A number of well-connected public and private partners were involved in the Gain-of-Function work that resulted in the creation and release of SARS-COV2;
5. Anthony Fauci and others coordinated to cover-up the funding of the Gain-of-Function work that resulted in SARS-COV2.

Donald Trump, Senator Ron Johnson, Senator Rand Paul, Rep. Jim Jordan, and others were right. As early as late April or early May of 2020 former President Trump spoke of the creation of SARS-COV2 in a lab in Wuhan, China. Since that time both the investigation and the cover-up have continued but the evidence provided herein clearly demonstrate that SARS-COV2 was indeed created in a lab in Wuhan China by EcoHealth Alliance and with funding from Anthony Fauci's NIH/NIAID.

Evidence included herein demonstrate the following key points (amongst others):

1. SARS-COV2 was created in the lab in Wuhan, China;
2. Anthony Fauci funded the creation of SARS-COV2 and lied to Congress about funding Gain-of-Function work;
3. The US Intelligence Community was aware of and appeared to have been involved with the funding of said Gain-of-Function work;

The CIA's deception about COVID-19's origins becomes clearer when you consider that USAID, a frequent CIA front, provided over \$53 million to Dr. Peter Daszak's EcoHealth Alliance, which funneled funds to the Wuhan lab.

 **THREAD:** Dr. Anthony Fauci, the top-paid US federal employee, has developed bioweapons for the Pentagon since 2002. In 2014, Obama shut down 18 of Fauci's gain-of-function experiments after lab leaks, and 300 top scientists complained about his dangerous bioweapons research.

EcoHealth - [no strangers to damage control](#), refuted Huff's claims, [writing](#) in December 2022 (almost a year after Huff turned whistleblower), that claims of gain-of-function research aren't true, that a lab leak is 'not true,' and that his claims about the 'nature of the collaboration between EcoHealth Alliance and the Wuhan Institute of Virology' are similarly, 'not true.'

Ecohealth notably *did not* refute Huff's claims about working with, or for, the CIA.
