(Stillness in the Storm Editor) The following article details a pivotal piece of history that all who seek freedom would do well to understand. While many people assume that the legal system is a discoherent mash of randomly enacted "laws" (which is true in some cases), there is a more delicate underlying fabric at work.

The legal system is a set of codified policies founded on contracts or equity law, which is the science of how two or more free-will beings work with each other co-creatively. The organic Constitution for the United States of America is a contract or charter of the government of the organic Republic, formed after the revolution in 1776. While this wasn't a perfect document, it was created by the founders for the purpose of governing the union autonomously (independent of British rule), a document created by the people.

But the Cabal, for reasons too complicated to list here, cannot let any nation or group of people escape their clutches. They needed to ensure that eventually the fledgling United States would be forced back into the fold. They tried to do this using several means since the beginning of the nation, such as enacting a fractional reserve banking system just after the Revolutionary War ended. They also attempted to invade during the War of 1812. And while one could conclude they were successful in corrupting the U.S., it wasn't until 1871 that an overt takeover took place. This was when the "keys to the kingdom" were handed over to the enemy and new and unparalleled era of corruption began.

Ever since 1871, the continental United States of America has been run and managed by a foreign occupying entity, the Federal State created by the Act of 1871. This occupying force can

be described as the Cabal—a nefarious group of bankers and elitists who want to suppress freedom wherever it springs up, using infiltration, deception, and bread and circus distractions to destroy the autonomy of any group of peoples.

For this insidious purpose, a new government replaced the organic one because, during the war, Congress was abandoned and no official government existed. Lincoln issued General Order 100 or the Leiber Code in 1863, granting himself emergency powers to rule over the war-torn nation as the first dictator of the United States. Those emergency powers have never been relinquished, which granted him (and every other president since then) the ability to issue decrees (Executive Orders) that have the full force of law. Since that time, through the Act of 1871, and various other acts, the Federal government has usurped nearly all the power that was formerly held in the hands of the people, via the states of the union.

Today, the cancer of the Federal government has infiltrated every aspect of American society and civil life. The once quasi de jure status of the states and counties—which were initially the backbone of authority in the union—are completely beholden to *the might is right* federal government.

In plain English, the United States of America created by the founding fathers died back in 1871—it was taken over by a foreign occupying force. Since then, every president elected by the people was a deceptive fraud, a way to garner consent of the governed that do not understand their true history. When a person votes for a president of the United States, they are literally committing treason against the organic Constitution, endorsing the foreign occupying force and becoming a “turncoat.” Of course, we aren’t taught this history in our schools, nor do they teach law and contracts to the people so they can recognize the truth. Most likely, those presidents and representatives elected since this act were not aware of the insidious purpose of their election in securing the consent of the governed to be ruled by an authority not loyal to the people.

While the United States was hardly a perfect nation before 1871, since then, it has become a weapon of war and destruction, wreaking untold damage on almost everything it touches. And the people, on the whole, are almost entirely unaware of this critical piece of history. The reason being is that if the people, of all nations, knew that the power of the government is actually in the hands of the people and that we give it away by endorsing foreign occupiers and the de facto state, there would probably be a revolution in short order.

Within the laws of contracts and the social fabric of reality itself, when we participate in a society that is inherently fraudulent and tyrannical, we breathe life into it via our actions—regardless if a secondary choice exists. Thus, those of us who do know of these realities are responsible for helping others educate themselves, which in a sense, is a self-defense measure. When there is no other choice but to participate in tyranny for one’s survival, sharing the truth and forming social bonds to one day overthrow and replace the fraudulent government is the highest priority. All those who endorse slavery unwittingly become the enemies of freedom and those who seek it. Yet in our desire to free ourselves and others, we cannot fall prey to intolerance and unbalanced aggression. As was said in the matrix, the people have been deceived to participate in their own enslavement, and they need our help to see the truth even while they seek to enfold us back into the flock of the disempowered and downtrodden.

Although this information about law, contracts, and history may seem dry and unentertaining, it is essential to understand. Without this foundational knowledge, slavery of oneself and others is mistaken for freedom—as almost all people of Earth have done. The people of this world have been defrauded by their leaders, not just in the U.S., but everywhere. And whether a government is a democracy, republic, monarchy, or whatever, the same foundational laws and inalienable rights are at play. Hence, all governments must secure the consent of the governed in some way. These rights are endowed by the Creator. They can go unused but can never be truly removed, which means the powers that *should not be* must garner our consent and

agreement by whatever means necessary, using deceptions, enticements, and elaborate illusions to procure our compliance.

The government wants us to think we have no power, that we need it to survive but it is actually the other way around. So don't think for one second that your opinion, beliefs, and actions don't matter. They are very important. The Cabal needs you to participate and endorse their corporate governments. Without your support, they would wither and die—just like any other parasitic entity.

Consider that the insurgent government that took over in 1871 usually doesn't want people to participate in managing their lives. But on election day, they want us to come out in droves to usher in a new president, senator, or local policy change. What or who we vote for doesn't really matter. What's important is that we participated and gave our power to the federal government, via voter registration and other means. So long as remain compliant and obey the dictates of our overlords, following their orders without question, they stay in power and we accept enslavement.

What we do with our mind, body, and energy is important. Our choices have consequences. Take the time to gain critical knowledge and understanding of this legal and lawful history, not just this article, but the volumes of information that exist on the internet. This way, we can, as a people, come together with key knowledge and understanding so that we can, first, recognize we have been defrauded, and second, create a truly honorable and fair society that acknowledges the rights of all people and life as recognition of the truth of inalienable rights and the primacy of sovereignty of all conscious beings.

Since 1871 the United States president and the United States Congress has been playing politics under a different set of rules and policies. The American people do not know that there are two Constitutions in the United States. The first penned by the leaders of the newly independent states of the United States in 1776. On July 4, 1776, the people claimed their *independence* from the Crown (temporal authority of the Roman Catholic Pope) and Democracy was born. And for 95 years the United States people were free and independent. That freedom ended in 1871 when the original "*Constitution for the United States of America*" was changed to the "THE CONSTITUTION OF THE UNITED STATES OF AMERICA".

The Congress realized that the country was in dire financial straits, so they made a financial deal with the devil – the Crown (a.k.a. City of London Corporation – est. by the Catholic Church on Jan 1, 1855) thereby incurring a DEBT to the Pope. The conniving Pope and his central bankers were not about to lend the floundering nation any money without some serious stipulations. So, they devised a way of taking back control of the United States of America and thus, the Act of 1871 was passed. With no constitutional authority to do so, Congress created a separate form of government for the District of Columbia.

With the passage of "the Act of 1871" a city state (a state within a state) called the District of Columbia located on 10 sq miles of land in the heart of Washington was formed with its own flag and its own independent constitution – the United States of America's secret second constitution.

The flag of Washington's District of Columbia has 3 red stars, each symbolizing a city state within the three city empire. The three city empire consists of Washington D.C (the D.C. stands for District of Columbia), City of London Corporation, and Vatican City State. City of London Corporation is the corporate center of the three city states and controls the world economically. Washington D.C. is in charge of the military, and the Vatican controls it all under the guise of spiritual guidance. *Although geographically separate, the city states of; City of London Corporation, the Vatican and the District of Columbia are one interlocking empire called "Empire of the City"*

The **constitution** for the District of Columbia operates under tyrannical Vatican law known as "Lex Fori" (local law). When congress illegally passed the act of 1871 it created a corporation known as THE UNITED STATES and a *separate* form of *government for the District of Columbia*. This treasonous act has unlawfully allowed the District of Columbia to operate as a corporation outside the original constitution of the United States and in total disregard of the best interests of the American citizens.

POTUS Obama at the Vatican Corporate - the Crown - headquarters

POTUS is the Chief Executive (President) of the Corporation of THE UNITED STATES - operating as the CEO of the corporation. POTUS governs w/a Board of Directors (cabinet officials) and managers (Senators and Congressmen/women). Barack Obama, as others before him, is POTUS - operating as "vassal king" - taking orders once again from "The Crown" through the RIIA (Royal Institute of Intl Affairs). The Illuminati (founded by the The Society of Jesus or Jesuits, the largest *Roman Catholic Religious Military Order* headed by the Black Pope) created the Royal Institute of International Affairs (RIIA) in 1919. The American equivalent to the RIIA is the Council of Foreign Relations (CFR). The RIIA and CFR set up Round Table Groups (based on the King Arthur myths).

What did the Act of 1871 achieve? The ACT of 1871 put the United States of America back under Crown rule (which is papal rule). The United States of America people lost their independence in 1871.

THE CONSTITUTION OF THE UNITED STATES OF AMERICA is **the constitution** of the incorporated UNITED STATES OF AMERICA. It operates in an economic capacity and has been used to fool the People into thinking it governs the Republic. It does not! Capitalization is NOT insignificant when one is referring to a legal document. This seemingly "minor" alteration has had a major impact on every subsequent generation of Americans. What Congress did by passing the Act of 1871 was create an entirely new document, a constitution for the government of the District of Columbia, an INCORPORATED government.

Instead of having absolute and unalienable rights guaranteed under the organic Constitution, We the People, now have "relative" rights or privileges. One example is the Sovereign's (the People) right to travel, which has now been transformed (under corporate government policy) into a "privilege" that requires citizens to be licensed - driver's licenses and Passports. By passing the Act of 1871, Congress committed TREASON against the People who were Sovereign under the grants and decrees of the Declaration of Independence and the organic Constitution. The Act of 1871 became the FOUNDATION of all treason since committed by government officials.

As of 1871 the UNITED STATES isn't a Country; It's a Corporation! In preparation for stealing America, the puppets of Roman Catholic Pope's banking cabal had already created a second government, a Shadow Government designed to manage what "the People" believed was a democracy, but what really was an incorporated UNITED STATES. Together this chimera, this two-headed monster, disallowed "the People" all rights of sui juris. [you, in your sovereignty]

The U.S. is a Crown Colony. The U.S. has always been and remains a Crown (Roman Catholic Pope) colony. King James I. is not just famous for translating the Bible into "The King James Version", but for signing the "First Charter of Virginia" in 1606 — which granted America's British forefathers license to settle and colonize America. The charter guaranteed future *German Roman Catholic Kings/Queens of England* would have sovereign authority over all citizens and colonized land in America.

After America declared independence from the Crown, the *Treaty of Paris*, signed on September 3, 1783 was signed. That treaty identifies the German Roman Catholic King of England as prince of U.S. "*Prince George the Third, by the grace of God, king of Great Britain, France, and Ireland, defender of the faith, duke of Brunswick (Germany's Brunswick) and Lunebourg (Germany's Lunebourg), arch-treasurer and prince elector of the Holy Roman Empire (Roman Catholic Church) etc. and of the United States of America*" — completely contradicting premise that America won The War of Independence.

Article 5 of that treaty gave all British estates, rights and properties back to the Crown — *Catholic Church Pope*.

It is agreed that Congress shall earnestly recommend it to the legislatures of the respective states to provide for the restitution of all estates, rights, and properties, which have been confiscated belonging to real British subjects; and also of the estates, rights, and properties of persons resident in districts in the possession on his Majesty's arms and who have not borne arms against the said United States. And that persons of any other description shall have free liberty to go to any part or parts of any of the thirteen United States and therein to remain twelve months unmolested in their endeavors to obtain the restitution of such of their estates, rights, and properties as may have been confiscated; and that Congress shall also earnestly recommend to the several states a reconsideration and revision of all acts or laws regarding the premises, so as to render the said laws or acts perfectly consistent not only with justice and equity but with that spirit of conciliation which on the return of the blessings of peace should universally prevail. And that Congress shall also earnestly recommend to the several states that the estates, rights, and properties, of such last mentioned persons shall be restored to them, they refunding to any persons who may be now in possession the bona fide price (where any has been given) which such persons may have paid on purchasing any of the said lands, rights, or properties since the confiscation.

And it is agreed that all persons who have any interest in confiscated lands, either by debts, marriage settlements, or otherwise, shall meet with no lawful impediment in the prosecution of their just rights.

It is becoming increasingly apparent to American citizens that government is no longer being conducted in accordance with the U.S.A.'s organic Constitution, or, within states, according to state constitutions. While people have recognized for more than 150 years that the rich and powerful often corrupt individual officials, or exert undue influence to get legislation passed that favors their interests, most Americans still cling to the naive belief that such corruption is exceptional, and that most of the institutions of society, the courts, the press, and law enforcement agencies, still largely comply with **the Constitution** and the law in important matters. They expect that these corrupting forces are disunited and in competition with one another, so that they tend to balance one another.

Mounting evidence makes it clear that the situation is far worse than most people think, that during the last several decades **the Constitution for the United States of America** has been effectively overthrown, and that it is now observed only as a façade to deceive and placate the masses. What has replaced it is what many call the *Shadow Government* — *created with the illegal passing of the Act of 1871*. It still, for the most part, operates in secret, because its control is not secure. The exposure of this regime and its operations must now become a primary duty of citizens who still believe in the Rule of Law and in the freedoms and independence which the U.S.A. is supposed to represent.

What is our mission? Why do we post what we do?

Our mission here is to curate (share) articles and information that we feel is important for the evolution of consciousness. Most of that information is written or produced by other people and organizations, which means it *does not* represent our views or opinions as managing staff of Stillness in the Storm. Some of the content is written by one of our writers and is clearly marked accordingly.

Just because we share a CNN story that speaks badly about the President doesn't mean we're promoting anti-POTUS views. We're reporting on the fact as it was reported, and that this event is important for us to know so we can better contend with the challenges of gaining freedom and prosperity. Similarly, just because we share a pro/anti-[insert issue or topic] content, such as a pro-second amendment piece or an anti-military video doesn't mean we endorse what is said. Again, information is shared on this site for the purpose of evolving consciousness. In our opinion, consciousness evolves through the process of accumulating knowledge of the truth and contemplating that knowledge to distill wisdom and improve life by discovering and incorporating holistic values. Thus, sharing information from many different sources, with many different perspectives is the best way to maximize evolution. What's more, the mastery of mind and discernment doesn't occur in a vacuum, it is much like the immune system, it needs regular exposure to new things to stay healthy and strong. Great article of real history known by some for a very long time. One technical problem. Your rights as un-a-lien-able come from God as one of the People who created government not as "citizen" of government which has authority over you with the USC, statutes, codes and regulations. To be totally considered sovereign you need to remove yourself from the status of citizen of the US GOVERNMENT to National of your born Nation State and learn the difference between Lawful from what is legal and much more. Next is to disclose the American Bar members whose oath to the Crown as protectors of the system have created the largest penal system of non violent offenders.. and much, much more.

Great article! Only one mistake right off the bat. A democracy was NOT born by the 1776 Constitution! A Representative Republic was born. It was the 1871 constitution that took the power away from we the people, and generated a closet democracy. So if you use the term "democracy" you have to source it. If you use the term "Representative Republic" you have to source it. And because so many people confuse the terms, you have to put them into perspective of use.
