This is what the European Union officials think of the continent’s Christian roots.

The Catholic News Agency reported:

An art exhibit at the European Union’s Parliament building in Brussels, Belgium, has prompted criticism from conservative politicians in Italy for its display of a blasphemous depiction of Jesus Christ and the apostles.

The artwork, a series of photographs by lesbian Swedish photographer Elisabeth Ohlson, includes one of a man who is meant to represent Christ wearing a white robe and a halo made out of stars above his head. The man is surrounded by seven men who are wearing leather-based fetish clothing associated with BDSM fetishism.

Ohlson said the photographs are meant to depict Christ supporting homosexual rights.

“There [are] a lot of pictures of Jesus with heterosexual [people],” Ohlson said on Twitter. “Millions, billions of paintings, famous artists. But this is just 12 pictures of Jesus loving the LGBT rights, so 12 pictures should not be so scary for them.”

The photos have faced backlash from conservative members of the European Parliament, some of whom accused the depiction of being disrespectful.

The exhibit, which opened on May 2 and runs through May 5, kicked off with a reception hosted by Malin Björk, a member of the European Parliament for the Swedish Left Party.

Some Italian lawmakers took to social media to voice their objections.

“Art?” Italian Deputy Prime Minister Matteo Salvini said in a Facebook post. “No, just vulgarity and disrespect.”

If you think God isn't real, that Christianity is just some people's delusion, the presence of the opposite, the anti, these freaks, proves you wrong.

So? Wearing two different types of cloth is a sin against God too. And eating shellfish or pork. Strangely, selling your car isn't a sin.

I guess you don't understand as much as you think you do. Jesus also said that the law would pass away when it was which happened when Jesus rose from the dead. Hebrews confirms that the old covenant is obsolete.

Perhaps you should read a bit more, think a lot more and ask God to reveal a whole BUNCH more?

Again you reveal your poor understanding. Only God judges the hearts of mankind regarding their eternal fate. People BEHAVIORS on the other hand are very much open season.

Take a look at the United Nations (UN) meditation room, they have artwork depicting mass genocide, and the Phoenix rising from ashes (i.e., the NWO). They also have a solid black rock, highly magnetic, weighting hundreds of tons, and supported by concrete that go deep into the earth (what the heck is that?). This is what they worship, and what drives our department of education against climate hoaxes, and injections, and manufactured wars, and orchestrated banking collapses, and uniparty, and mass migration and everything that is in opposition to the word and laws of God.

You are too stupid or too evil to be scared. I like the Denzel movie line paraphrased as I don't judge God does; I just am meeting.

Homosexuality violates the laws of God and nature.

Hey one look at anatomy proves sex is intended to be between male and female the purpose being procreation. Deviant by definition.
